

WHAT IS DISC GOLF?

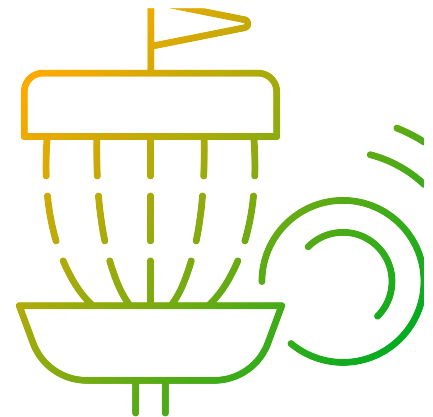

SPRINGFIELDCOMMUNITY.ORG.UK

Disc Golf is one of the fastest growing sports in the world and most courses are **free to play**

It's just like **GOLF**, but instead of a ball and a hole, we use **discs** and a **basket**

The **goal** is to land the disc **in the basket**

A TYPICAL ROUND

9-18 Holes **60-80m** in length

Each hole is a **par 3** – the **objective**
(**varies** by hole length)

Rounds usually take **60-90**mins
and the **lowest score wins**
(**fewest** total throws)
